Continue to draw the pencil lines 3" apart until you have 5 pencil lines on your fabric square.

Start by taking a few mini charms and laying them wonky on the pencil line. They should overlap each other.

Use 17-20 mini charms for each row. Have a variety of color in your rows. Overlapping, twisting and turning them until you have the desired look. Leave a 1/2" space on the sides.

Pin the first row in place and start on the second row. Remember to use the pencil line as a guide to keep the rows straight. Use 17-20 mini charms on each row. Pin row 2 in place

Get out your ruler again and line it up with that pencil line. Or measure in 3" from the white fabric edge.

Place a strip of masking tape right along the edge of the ruler. The masking tape will be your sewing guide. Gently hand press the making tape in place, so it's easy to take off.

Sew along the masking tape with a thread that will blend into the fabrics. Be sure to back stitch at the beginning and end of each row.

The back is just larger than the front. Center the front piece and pin in place. Use the edge of the white fabric as your guide to sew 1/4" seam around. Leave enough space open so you can inset the pillow form.

Showing your seam allowance.

With your ruler, trim off the excess all the way around. Turn your pillow cover right side out.
