Instructions:

Gather all your supplies, 2 charm packs of Sweet, a 4 inch circle cutter or template, and background fabric.

I used a Circle #1 for the Original Sizzix machine to cut my circles. I can cut 5 charms at a time. I know there are several other companies that make die cutting machines (Accu-Cut) and templates (Omnigrid), if you do not have access to a Sizzix. As long as it is a 4 inch diameter circle it will work.

- cut 36 charm circles for the blocks
- cut 25 charm circles for the yo-yo's

I used 6.5 inch background squares to finish to 6 inches.

- cut (36) 6.5 inch background fabrics
- layer the circles onto the backgrounds and pin in place.
- sew around the circle edge with a 1/4 inch seam for all 36 blocks. Leave a raw edge.

Lay out the circle blocks on a design wall or bed, 6 blocks X 6 blocks.

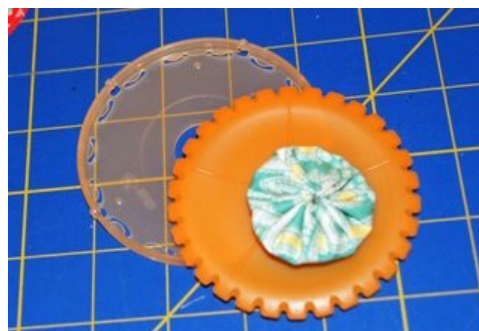

Begin sewing 2 by 2 until you have 6 rows of 6. At that point the cross rows can be sewn together.

Once the main quilt is sewn then prepare the yo-yo's for applique.

The 4 inch circle fits the large yo-yo perfectly.

- Then applique the 25 yo-yo's at the background fabric intersections.
- Cut 4 strips of orange border fabric approximately 6 inches X 48 inches
(measure your quilt top as seam allowances may vary)
- Then sub cut 2 of the 4 strips 6" X 36"
- Sew the 36" border to top and bottom of the quilt
- Then sew the 48" border to the sides.

This quilt was custom by Jackie in CT. She quilted the swirls in the circle centers and meander around the yo-yo's. The raw edges of the circles were NOT quilted to allow them to fray a bit for added dimension.

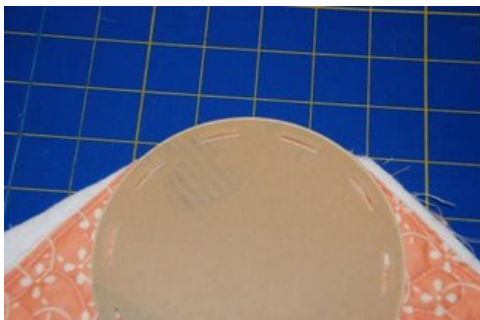

The quilt will be square 47" X 47".

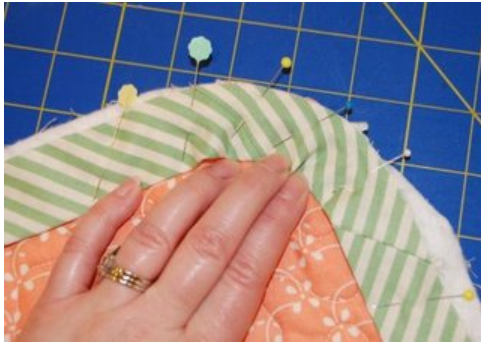

- Next take a 5 inch acrylic Omnigrad circle template and line the curve with the corner of the border.

- Using a rotary cutter trim the point off the quilt.

Make bias binding with your favorite method and sew to quilt. Make sure to ease binding around the corners.

Yield:

A quilt about 47 X 47 inches.
