BAKESHOP

Original Recipe

Chair Scarf by Vickie Eapen

Ingredients:

- [Moda Petit Four sku #PFBOX](#)
- or an Aster Manor charm pack
- 1/2 yd. backing Aster Manor sku# 12019 12 Sommerset Pink
- 1/4 yd. binding Aster Manor sku# 3908 36 Wildflowers
Crimson
- Clover small 1 1/4 inch yo-yo maker or template
- basic hand sewing supplies, needle, thread, thimble

Original Recipe can be found at www.modabakeshop.com

Instructions:

- When I started this project I intended to use it on one of my side tables as a table topper...until I finished it. I layed it across my new desk chair before I set out to take the final pictures. I liked the way it looked sooo much that, that is where it will stay. It transformed into a 'Chair Scarf'.

- To start this project select 49 squares from your Petit Four. A petit four has 2 fabric lines with 120 - 2.5 inch squares of each line. I chose Aster Manor and separated my squares by color first. If you are using charm packs, cut your chosen fabrics into 2.5 inch squares and follow directions as listed.

- Center Squares:**

- 20 light creams
- 13 reds
- 12 pinks
- 4 yellows

- Yo-Yo Border:**

- 35 browns
- 17 reds
- 4 yellows

- Carefully arrange your squares to form the pattern shown above 7 X 7.

- I flipped row 2 onto row 1 and pinned them.

- Leave the rest of your rows on the cutting mat.

- Sew Row 1 and Row 2 together.

- Do not cut the thread in between the squares.

- Iron them open.

- Lay rows 1/2 on the cutting mat checking the placement of your pattern.

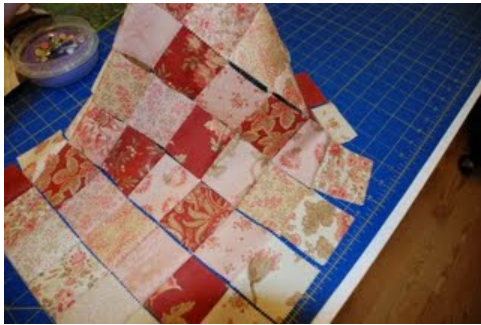

Original Recipe can be found at www.modabakeshop.com

- Flip Row 3 onto Row 1/2 and pin.

- Sew Row 3 to Row 1/2.
- Again, do not cut threads
- Iron open and continue to add rows in the same manner for the entire top.

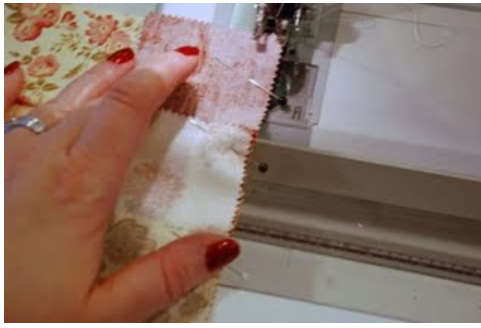

- It will look like this. All squares are sewn into rows.

- Now take Row 1A and flip it onto Row 2A and pin.

- Notice I still haven't clipped threads.

- Continue sewing the rows together.

- Here is row 1A sewn to new row 2A

- Make sure you pay close attention to the direction of the seams to ensure they are nested from row to row to reduce bulk.

- Layer the batting, backing and center top and machine quilt. I chose a meander with a flower and free motion quilted my project. If you are new to quilting, try a straight stitch in the ditch, or diagonal lines through each square.

Original Recipe can be found at www.modabakeshop.com

- Add single fold binding...

- And finish binding the center.

- Make 56 Yo-Yo's using either the Clover green yo-yo maker

Yo-Yo Border:

- 35 browns
- 17 reds
- 4 yellows

- Here are the yo-yo's laid out for placement.

- Begin by stitching yo-yo to yo-yo with a whip stitch, forming rows.
- For best results I stitched 15 yo-yo's together, then, 13, 13 and 15.

- Once the rows are stitched, pin the yo-yo strip right sides together to the quilted center as shown.
- Stitch each yo-yo onto the binding.

- Continue adding the strips/sides to finish.

Yield:

16.5 X 16.5 inch chair scarf or table topper...

I hope you picked up one tip from my tutorial and that you will be inspired to make a table topper for your table or chair scarf for your sewing room or desk. In fact I can see this project made with many other Moda fabric lines! The possibilities are endless..in fact maybe I should make one for every season!!

Thanks,
