Charming Plaid Quilt

Ingredients:

Original Recipe can be found at www.modabakeshop.com

- 3 charms packs solid (I used 9900 11)
- 1 charm pack prints (I used Salt Air by Cosmo Cricket)
- 1/2 yd for binding
- 2 yards for backing
- 44" x 60" batting

Instructions:

1) Sort your charm pack by color. If you do not have 5 distinct colors, you will need to repeat one or two of the colors (I suggest making A and B the same).

For this quilt, you will need:

- 4 charms color A
- 5 charms color B
- 8 charms color C
- 9 charms color D
- 9 charms color E
- 90 charms background

2) You will need to trim some charm squares down to 2.75" x 5".

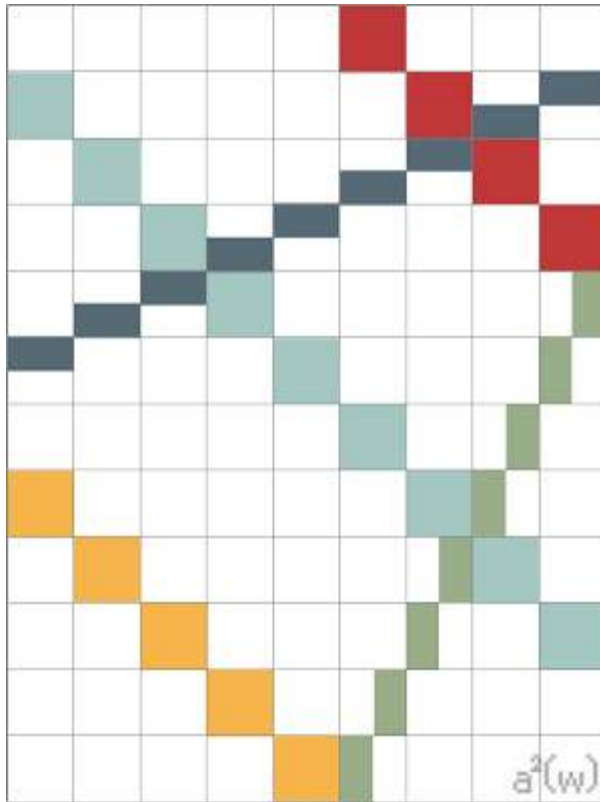

- color C
- color E
- 17 of the solid

* Pay attention to the direction of the prints. C pieces are vertical, E pieces are horizontal.*

3) Take one 2.75" x 5" print and one 2.75" x 5" solid. Align them with right sides together and sew along one side with a 1/4" seam allowance. Press seam open. Repeat for the remaining 2.75" pieces.

4) Lay out your quilt according to the diagram.

5) Sew the rows together. I prefer to sew the pieces from each row into pairs, then sew the pairs together until all 9 blocks are sewn. Press the seams in alternating directions.

6) Sew the rows together. Again, I sew them into pairs, then sew the pair together until all 12 rows are pieced. Press seams open.

7) Trim off the selvages from your 2 yards and press out the center crease.

8) Baste, quilt, bind.

* I spray basted, quilted on the diagonal following the design, and zig zag bound the quilt. Don't forget to label it too! *

Yield:

One 41" x 54" quilt
