BAKESHOP

Original Recipe

Choc-O-Cherry Turnover Treat by Monica Solorio-Snow

Finished table runner 16" x 40"
Ten 8" finished blocks

Ingredients:

1 Turnover package of Aster Manor by 3 Sisters (80 triangles)

$\frac{7}{8}$ yard fabric for backing and binding

20" x 44" piece of batting.

Original Recipe can be found at www.modabakeshop.com

Instructions:

1. For each block gather one pair each of matching triangles, and four single triangles - for a total of 8 triangles.

2. Slice down the middle of each one of the four single triangles (as shown in photo), for a total of eight small triangles.

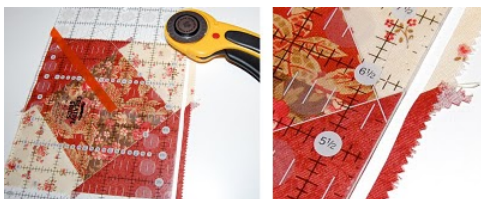

3. Assemble center of the block with cut triangles.

4. Square up block to 4½".

5. Assemble middle sides of the block with cut triangles.
Optional: Trim first pair of triangle ends before sewing.

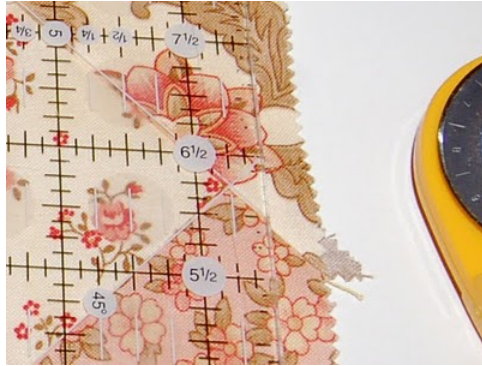

6. Square up block ¼" past the corner of the center block.
Use your ruler's 45° lines as a guide for the first cut.

Original Recipe can be found at www.modabakeshop.com

7. Assemble the outer sides of the block with triangle pairs.
Optional: Trim first pair of triangle ends before sewing.

8. Square up block $\frac{1}{4}$ " past the corner of the middle block.
Trim all your blocks to be squared up as the same size. Use your ruler's 45° lines as a guide for the first cut. Your block may be $\pm 8\frac{1}{2}$ " after squaring up. What's important is uniformity of all ten blocks - not the size number.

9. Pair up blocks and join to make rows. Press in alternating directions.

10. Join rows to complete the table runner. Baste, quilt and bind.

Yield:

Eat chocolate. Eat cherries. Tell someone you love them.

Make every day Valentine's Day,
xo,

Monica Solorio-Snow ... aka the Happy Zombie
