## BAKESHOP

### Original Recipe

Calico House, Lincoln, NE

 Easy

At The Calico House, we love to create new projects to showcase the fabulous fabrics in our shop. We're excited to be accepted as a Moda Bake Shop Chef and share our "Contempo Throw" with you!

This 55¾" x 70½" contemporary quilt features Moda's "Contempo" line of fabric. A piano key border of 9 coordinating fabrics complements the beautiful center panel and inner borders. The glowing oranges, mustard golds, and relaxing taupe colors make this a perfect autumn throw!

### Ingredients:

- 1 ⅔ yards of Contempo Spice 32841 14 Moda  
(For the design to be centered may require more fabric)
- 7/8 yard of Bella Solids Weathered Teak 9900 129 Moda
- ½ yard of Contempo Mustard 32846 18 Moda
- 1 Contempo layer cake *OR* 1/8 yard cuts of 9 coordinating fabrics

Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)

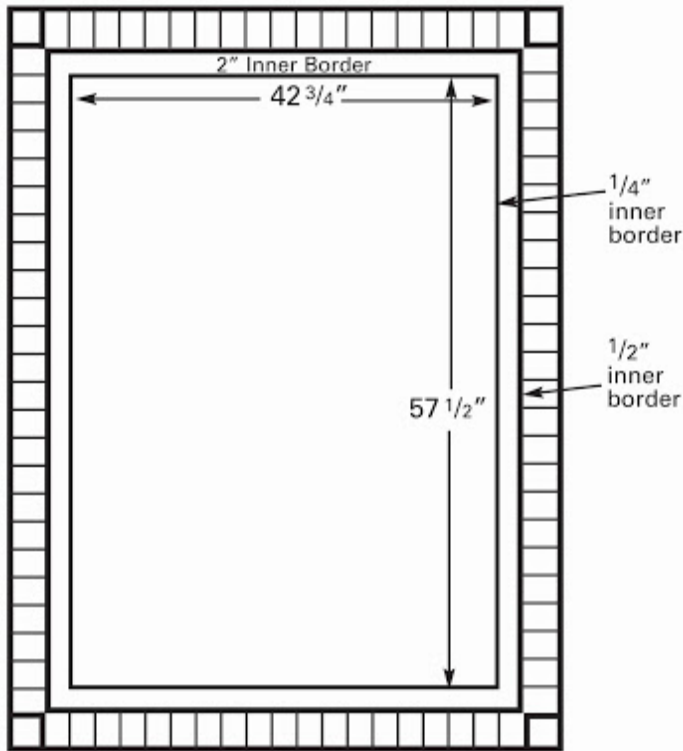

# Instructions:

Use ¼" seam allowances throughout, unless otherwise noted.

Note: All measurements are based on unwashed fabric.

- Contempo Spice 32841 14 fabric is the center of the quilt. Cut center 43 ½" x 58" (pay attention to the pattern repeat).  
Cut the selvage off each side so the pattern is equal on both sides.
- ¼" accent border is Bella Solids Weathered Teak 9900 129.  
Cut (5) ¾" x WOF (width of fabric) strips.
- 2" inner border is Contempo Mustard 32846 18. Cut (5) 2 ½" x WOF strips.  
Cut (1) 3 ½" x WOF strip. From this strip cut (4) 3 ½" squares for cornerstones, then cut 2 ½" x the amount needed to complete the inner border. Join strips for side borders: (2) 2 ½" x 59" strips. Join strips for top and bottom borders: (2) 2 ½" x 48" strips. Trim to fit.
- ½" accent border is Bella Solids Weathered Teak 9900 129.  
Cut (5) 1" strips x WOF.
- The piano keys outer border is created by making strata from (9) coordinating fabrics.  
Cut 3" x WOF from each fabric. Join, then cut into 4" strips. If using a layer cake, cut coordinating colors into 3" strips. You'll need 45 strips to make your strata, then cut into 4" strips.
- Cornerstones: Use the (4) 3 ½" squares previously cut from the Contempo Mustard fabric. Add 1" Bella Solids Weathered Teak 9900 129 strips to 2 sides (the binding adds the other 2 sides).
- Quilt as desired.
- Cut Bella Solids Weathered Teak 9900 129 for binding in 3" strips for a finish border/binding. Sew on with a ½" seam allowance.

Note: Measurements on the diagram are finished block and strip sizes (1/4" seam allowances are not included on the diagram).

## Yield:

55 3/4" x 70 1/2" Throw

We hope you enjoy sewing this great "Contempo" throw.

We have Contempo Throw Kits available at our store or on [Etsy](#). (Quantities Limited)
