Original Recipe

Fabric Fortune Cookies by Megan Pyrah

Hi it's Megan from Brassy Apple. Give a little "fortune" to your guests at baby showers, receptions, holidays, dinner parties and MORE! *They are even great to encourage the little ones as well!*

Ingredients:

- 1 Charm Pack
- Fusible Fleece
- Scissors
- White Ribbon
- Wire (20-24 gauge)
- E6000 Glue
- Fabric Marker
- Circle Template (4.5" - 4.75" wide)
- paper "fortune" strips

Garnishes (optional):

color coordinating sequin

Original Recipe can be found at www.modabakeshop.com

Instructions:

Step 1: Choose several squares from your charm pack for your fabric fortune cookies. Using fusible fleece, apply it per package directions to several squares in a grid formation. This helps to save time. We did 4-6 squares at a time.

Step 2: Create a circle template - 4.5" - 4.75" inches wide (*You can easily create one using a small bowl or mug from your cupboard if necessary*). Trace the template in the middle of each square and cut out.

OPTIONAL: Add a bit of glitz to the edge of your fortune cookies. Using a strand of sequins, apply it to the edge securing it in place with E6000 glue. Allow to dry.

Step 3: Cut a piece of wire that is just slightly shorter in length than the width of the circle. Cut a piece of ribbon the same length. Glue both in place with E6000 glue and allow to dry flat.

Step 4: Create and print out fortune paper strips. Choose the font, size and number of sayings you like. Place the paper strips in the middle of the fortune cookies.

Step 5: Fold the fabric circle in half and crease the middle to create the cookie shape.

Step 6: Placing a finger inside, "fluff" and shape the cookie to give it a rounded shape. And you are DONE!

Add a bit of the unexpected to your special events....

and the everyday....

Yield:

42 fabric fortune cookies
