Instructions:

Cut 3 flower backgrounds to 12" x 12"

Line the 12" x 12" square on your grid of your mat board and cut off a 3" x 3" triangle.

Repeat for all 4 corners.

With RST sew the pieces together along one edge only. Repeat to add third octagon.

Cut a slit in the center piece. This will be used later to turn the piece right side out.

Layer batting, backing right side up and top piece right side down.

Sew through all layers with a 1/4" seam.

Trim extra backing and batting. Be sure to clip in at inside corners.

Turn through 3" slit and press out octagons by hand. Then press with an iron and set aside.

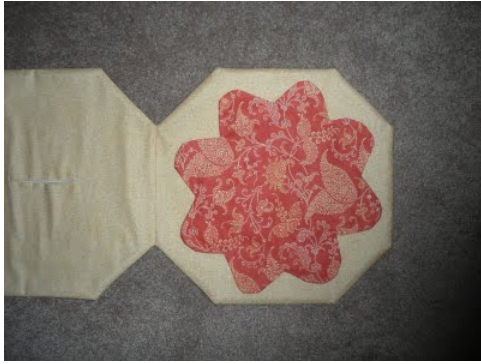

Fold your flower FQ in half and pin. Trace flower template. Rotate it 180 to continue tracing.

Make a small slip through one layer. Sew on drawn line all the way around. Turn through slit.

Repeat 2 more times. Your flowers should look like this.

Draw a 4" square on your fusible web. Mark in 1" from each corner and draw lines. You are making mini versions of your flower backgrounds. Repeat 2 more times and iron onto 3 charm squares.

Iron onto flower center and stitch in place. I used a small zig zag with matching thread. Repeat for other 2 flowers.

Pin flower onto runner base. A quilting pattern is provided on the original pattern. You can draw it on or just go for it like I did!

One attached flower! Repeat for other 2.
