## Instructions:

Start by cutting your brown charm pack and one of your natural charm packs in half. Make sure to set one of your natural charm packs aside for now.

Cut 23, 1" x width strips from your Robins Egg material.

Now cut those 1" strips into 5" x 1" strips.

Sewing:

Start by sewing a 1" strip into your charm squares.

*Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)*

After sewing those blocks, turn the charm blocks and cut them in half again.

Sew another blue strip into the blocks.

You should have 84 blocks that look like this, 42 of each color scheme.

Open your charm pack that you had set aside in the beginning.

Cut 3 of the charm squares in half on the diagonal.

Take your natural blocks that you have added the blue to and cut them in half on the diagonal.

Take one of those blocks and cut it in half on the opposite diagonal for your 4 corner blocks.

Use the image to lay your blocks out.

Enlarge the applique letters included in this pdf to 5" .

Use our starch applique tutorial <<http://piecenquilt.blogspot.com/2009/11/starch-applique-tutorial.html>> to applique the words and shapes onto your quilt.

Quilt, bind and enjoy!
