Original Recipe

Just One Pack Doll Quilt by Vickie Eapen
16in. X 16in.

Ingredients:

- 5 inch Charm pack Moda Alliance
- 1 fat quarter Alliance for backing
- scrap batting or flannel X
- 1 pack of 2 inch English Paper Piece Hexagons
- Sewline Glue pen
- tiger tape
- coordinating thread
- basic sewing supplies

Original Recipe can be found at www.modabakeshop.com

Instructions:

- Chose 25 charms from your Alliance pack

- I used the 2 inch pre-made English paper pieces from PaperPieces.com. They are available at your local quilt shop, online or you can cut your own.

- Next I cut 20 charm fabrics about 1/4 inch around the hexagon paper.
- I use Sewline's glue pen to adhere my fabric while they wait to be pieced together. This is a HUGE time saver.

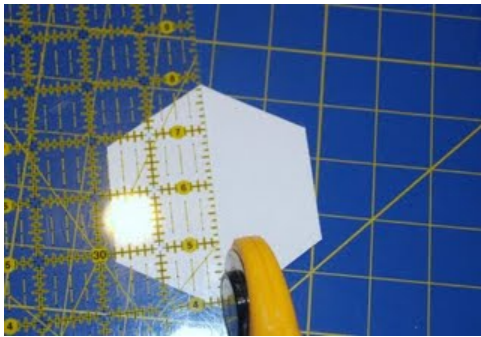

- This may be difficult to see but I put the glue on the fabric. It is a wash away adhesive.

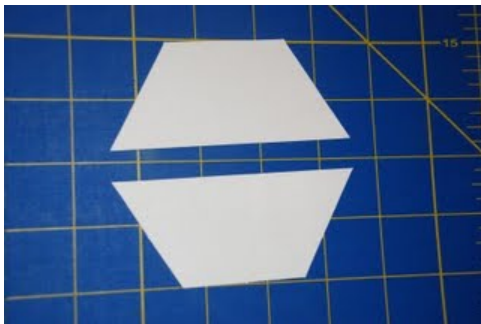

Original Recipe can be found at www.modabakeshop.com

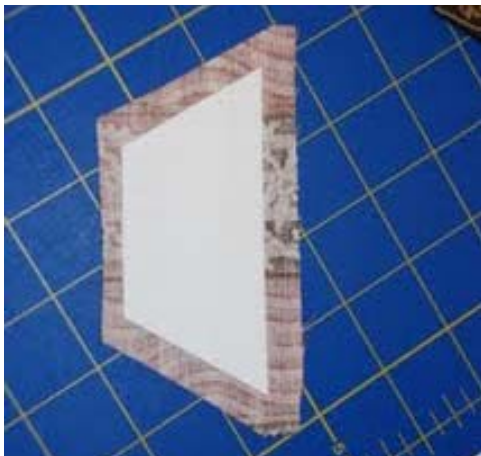

- Firmly press your fabric to the papers as you go around the hexagons.

- Now the arrangement I did for this quilt also uses half hexagons. Instead of buying another pack of papers for this I cut a regular 2 inch hex in half as shown.

- I was very careful to make sure it was as close to half as possible. You will need 5 half hexagons.

- Again, cut your fabrics 1/4 from the paper edge and glue in place firmly.

Original Recipe can be found at www.modabakeshop.com

- The corners will be trimmed once the quilting is done.

- I layed out my pieces into a pleasing arrangement and then took 2 at a time to sew.

- With Right sides together I whip stitch the edges. I continue to add hexs until you have a top as shown.
- Note the papers are removed before layering. The unsewn edges are basted with a larger stitch to be removed after hand quilting.

- Layer the batting and backing.....

- I hand quilted my doll quilt using 1/4 inch tiger tape as my guide. I am not an expert hand quilter and I tend to do a big stitch. For a doll quilt...this was the effect I wanted.

Original Recipe can be found at www.modabakeshop.com

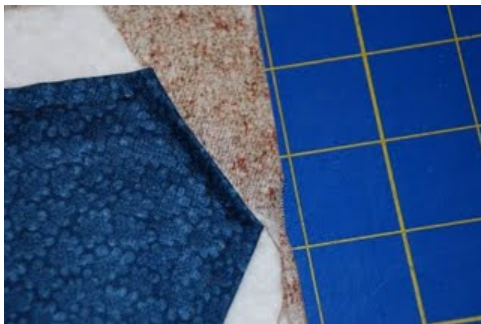

- Once the hand quilting is complete, I do not bind my quilt in the traditional way.

- Notice that I am folding back the quilt edge to the hand quilting line...

- Trim away the batting to less than an 1/8 of an inch, to reduce bulk.

- Here's how the edges should look.

- Trim the backing to about 1/4 inch from the quilt top edge as shown.

Original Recipe can be found at www.modabakeshop.com

- Fold the edge in to create a finished edge. Then fold the quilt top up to meet the backing and pin.

- hand whip stitch with a neutral thread and tiny stitches all the way around the quilt edge to finish.

Yield:

A 16in. X 16in. One Pack Doll Quilt...

I hope you enjoy this tutorial as much as I enjoyed making it. Make your own One Pack Doll Quilt and post a picture to my Flickr group! I look forward to all the different fabric choices you make! You'll be amazed how quickly a little doll quilt like this can be completed.

Thanks!
