Hello quilting friends! We are Quilted Works and we are so excited to be sharing our very first Moda Bake Shop project! Today we are sharing with you a fast and easy tutorial for creating hour glass blocks using a Layer Cake. We had so much fun creating this quilt and know that you will all love it.

## Ingredients:

(Old Glory Gatherings by Primitive Gatherings)

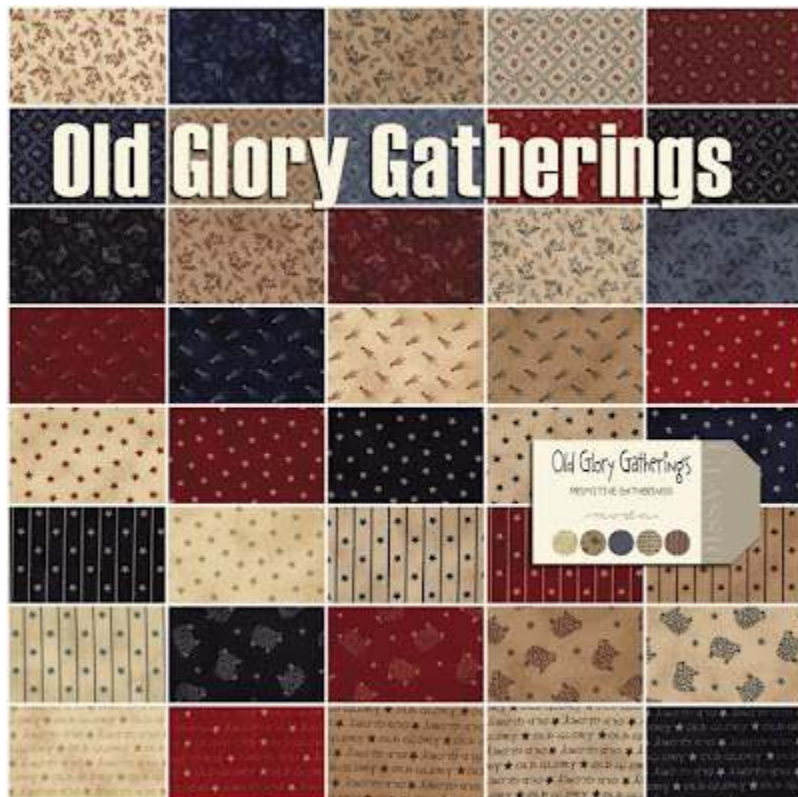

2 Layer Cakes

1/2 Yard Inner Border - 1040-39G (RED)

1 3/4 Yard Outer Border - 1077-19 (BLUE)

5 3/4 Yards Backing Fabric

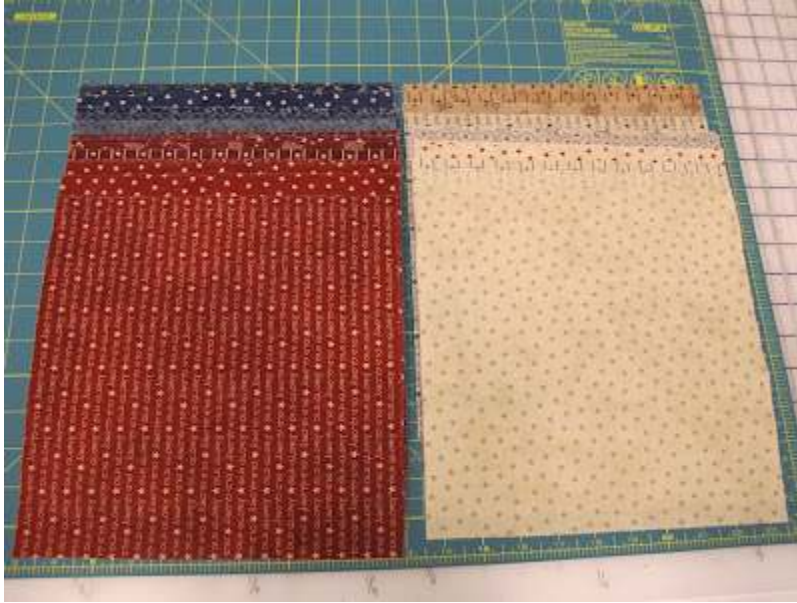

3/4 Yard Binding - 1040-43G (NAVY)

*Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)*

## Instructions:

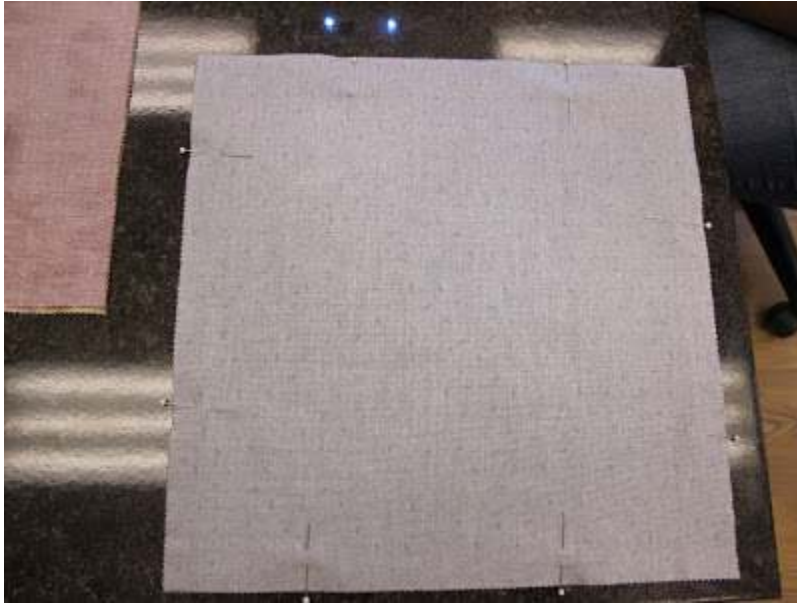

Begin by separating the Layer Cakes into LIGHTS (all the beiges) and DARKS (all the reds & blues)

Select one DARK and one LIGHT fabric square and place them with right sides together. Pin all sides.

*Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)*

Sew 1/4" seam around the entire 10" square. When you come within 1/4" from the corner, simply leave your needle down, and pivot the fabric to continue sewing around the square.

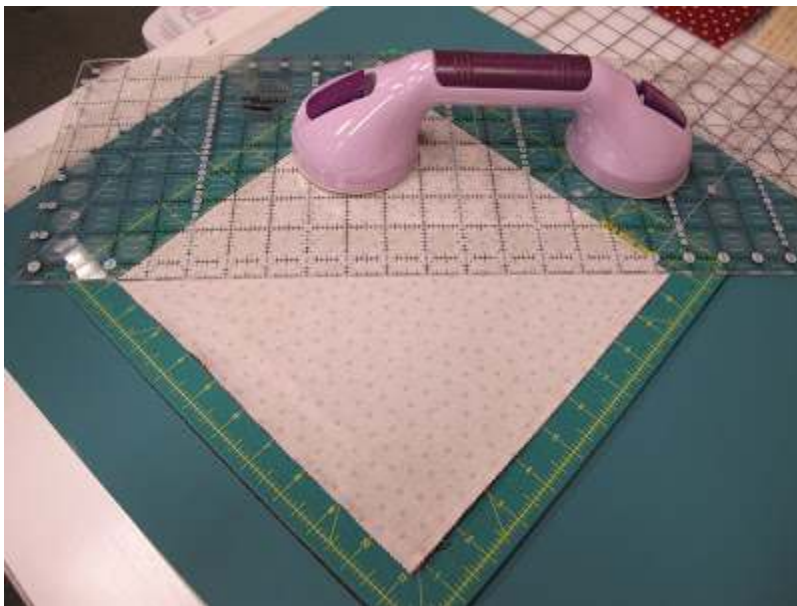

Your entire square will be sewn closed. Repeat with the remaining Layer Cake squares - sewing one DARK and LIGHT together. (Image below shows the 1/4" stitching all around.)

Next we will be cutting the squares into 8 pieces. Place your square onto the cutting board. Do not reposition your square after making any of the cuts. First, cut diagonally both ways (from corner to corner), then cut vertically and horizontally at 5".

Press each piece towards the dark fabric.

This is what your pieces will look like:

Mix up all your pieces and then re-pair them together with one BLUE piece and one RED piece.

Match the center of them together, pin, and sew 1/4" seam.

Now you have a finished "Hour Glass" block! It should measure  $6 \frac{1}{4}$ " and will end up being  $5 \frac{3}{4}$ " finished.

*Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)*

Repeat this process until you have created all the hour glass blocks.

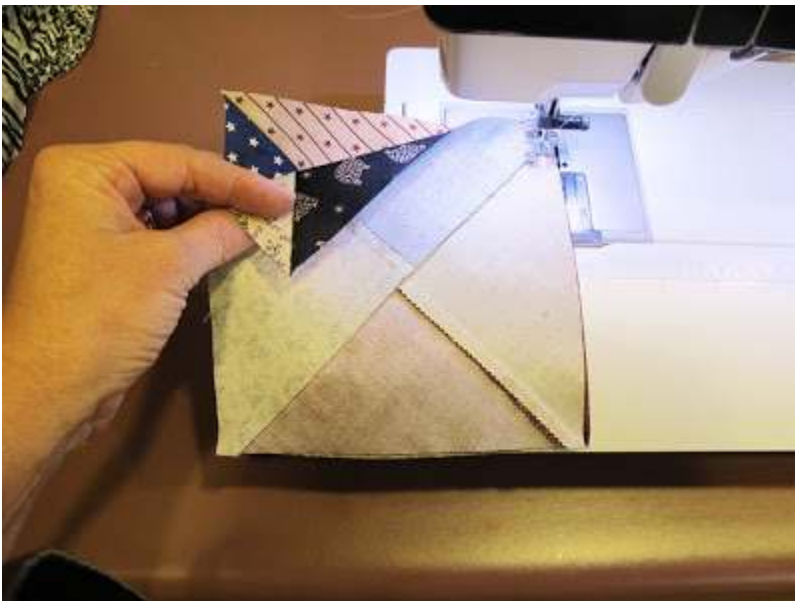

Now we are ready to start laying out our blocks and forming rows. Make sure to rotate every other block 90°. Arrange the blocks until you are happy with the color placements.

*Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)*

Sew together in rows, making sure to pin well so that everything is lined up perfectly.

This quilt is 11 blocks across and 13 rows down.

Attach the borders.

INNER Border: cut 7 - 2" strips from the RED fabric. Attach sides first, then top and bottom.

OUTER border: cut 7 - 6 1/2" strips from the BLUE fabric. Attach sides first, then top and bottom.

Baste, Quilt and Bind your quilt as desired!
