### A Ritzy Cracker Quilt by Mary Lane Brown

Hi! I am Mary and I'm so happy to share this tutorial with you. The Cracker Block is a traditional quilt block that can look great in everything from reproductions to beautiful designer fabrics like Fandango. It is a really versatile, fun block with a ton of layout options.

### Ingredients:

2 - 42 piece charm packs from the same line (Fandango by Kate Spain)

1 yard background fabric (Moda Bella Solid, Ivory)

1/2 yard binding Fabric (Fandango Raya Sierra)

3 yards backing fabric (Fandango Sarabande in Sand)

Batting for a 44" x 52" quilt

Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)

# Instructions:

Take one charm pack and cut each square in half diagonally. Take the second charm pack and cut each square in half horizontally.

Take your background fabric and cut 42 2.5"x5" rectangles and 42 4.25" squares. Cut your 4.25" squares diagonally to produce 84 triangles in your background fabric.

Attach the horizontal charm pieces on either side of a 2.5" x 5" strip with a 1/4" seam. Press seams as desired.

Now take your diagonally cut charm of the same print and center a triangle at each end of your strip section. Attach with a 1/4" seam.

Press your seams open to reduce bulk later on. Trim dog ears.

Now center an ivory triangle over each side of the strip section. Attach with a  $\frac{1}{4}$ " seam.

Press these seams open and trim your block to  $7\frac{3}{4}$ " square.

Now you have a finished cracker block! Finish your other blocks and arrange as desired.

This is a really versatile block that can be arranged many ways. Some ways are:

Once you have the layout you like, sew your blocks together. I sewed them in 6 columns and 7 rows to use each block.

Create your binding strips and backing. Baste, bind, quilt.
