Place the two charm squares right sides together on top of the batting square. Centering so there is a little batting all the way around the charm squares.

Start sewing 1" from the top right hand corner. Continue to sew all the way around to the top left hand corner. Sew in 1". This will leave an opening at the top.

Remove as much batting as you can from the seam allowance all 4 sides, by carefully cutting it close to the stitch without cutting into it.

Turn the top down and sew the button in the middle of the triangle area

Insert the embroidery scissors, bring the tails of the ribbon through the scissors and tie under the button to keep the scissors from falling out.

They go fast so make them in lots of color combos. Makes a great gift for your sewing friends.
