Original Recipe

Sunny Side Up Pillow by Tamarynn Bennett

Tam from Sew Dang Cute Crafts {sewdangcutecrafts.com} here today to share with you this bright and cheerful pillow. Thanks to my Facebook fans {facebook.com/SewDangCuteCrafts}, the name of this pillow is Sunny Side Up.

Ingredients:

- 1/2 yd fabric
- 1 jelly roll (I used Sweetwater's Sunkissed)
- 16" pillow form
- Starch or fusible interfacing
- 3" circle template

Original Recipe can be found at www.modabakeshop.com

Instructions:

1. Cut (2) 15" x 15" squares from the 1/2 yd fabric. If you have a pillow form that is a different size than the 16" I used, just cut your fabric 1" smaller than your pillow.

2. Select several strips from your jelly roll. Cut them different widths ranging from 1" - 2".

3. Sew your strips RST (right sides together) using a 1/4" seam allowance. Press the seams open.

4. We are going to use these sewn strips to cut our 3" circles from.

5. You have two different options at this point - 1) you can use starch or 2) you can use fusible interfacing. If you choose to use starch, go ahead and starch and iron about 4 times so your fabric is really stiff and easy to cut. If you choose to use fusible interfacing, go ahead and apply that to the wrong side of your sewn strips.

6. Take your 3" circle template and trace 9 different circles on either the fusible interfacing or the backside of the fabric, then cut those out. I have an Accuquilt GO! Baby fabric cutter, so I used my 3" circle die cut to quickly cut my 9 circles.

Original Recipe can be found at www.modabakeshop.com

7. Arrange your circles on top of one of the 15" x 15" squares. If you starched, pin in place. If you used fusible interfacing, iron them on. All my circles were 1" away from each other and 1 3/4" away from the edges.

8. Stitch appliques in place using a straight stitch, zigzag, blanket stitch, etc. I used a very tight zigzag.

9. Pin your two 15"x 15" squares RST. We need to leave about an 8" opening to stuff the pillow form in. I marked mine with red pins so I knew where to start and stop sewing. Sew the two squares together with a 1/4" seam allowance. Clip the corners and turn right side out through your opening.

10. Stuff the pillow form in the opening and use a blind stitch (hand stitch) to sew the opening shut. Then you are done! You now have a beautiful pillow!

I hope you'll come visit me at Sew Dang Cute Crafts for more tutorials, including the rest of the bedding and room décor that matches this pillow!

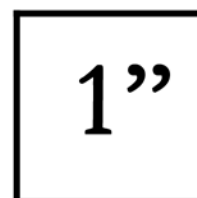

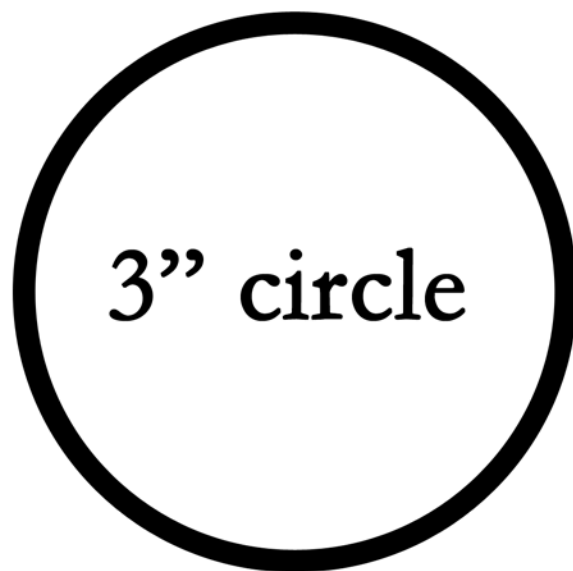

Yield:

One 16" x 16" pillow.
