## BAKESHOP

### Original Recipe

### Twin Nine-Patches by Kathe Dougherty

Kathe Dougherty pieced this doable nine-patch, drawn from an old quilt that made clever use of simple nine-patch blocks. She created sets of twin nine-patches (fraternal twins, not identical). The blocks come from a single layer cake!

### Ingredients:

1 layer cake, Arnold's Attic  
2/3 yd small calico in a dark color (#8160-24), edge triangles  
2 yd Ohio Autumn (#8167-14), border  
5/8 yd small calico (#8160-15), binding

Original Recipe can be found at [www.modabakeshop.com](http://www.modabakeshop.com)

# Instructions:

## {Cutting}

Blocks finish to 6".

For each nine-patch, cut 9 squares  $2\frac{1}{2}$ " x  $2\frac{1}{2}$ ". You can get 16 squares from each layer cake. Arrange and piece squares on design wall as shown to match the twins.

## The Nine Patch Twins

**A**

**B**

You need 36 of Fraternal Twin A (lighter blocks in blues and greens).  
You need 25 of Fraternal Twin B (darker blocks in oranges and browns).

## {Edge Triangles}

Cut 5 squares of the dark print  $9\frac{3}{4}$ " x  $9\frac{3}{4}$ ". Cut each square into 4 triangles, with 2 diagonal cuts. You'll need 20 triangles.

Cut 2 squares of the light print  $5\frac{1}{8}$ " x  $5\frac{1}{8}$ ". Cut each square into 2 triangles, with 1 diagonal cut. You'll need 4 triangles for the corners.

## {Border}

Cut 2 strips  $9\frac{1}{2}$ " x  $69\frac{1}{2}$ " for top and bottom borders.  
Cut 2 strips  $9\frac{1}{2}$ " x  $51\frac{1}{2}$ " for side borders.

## {Piecing}

Piece as photo indicates. Baste, quilt, and bind.

## Yield:

69" x 69" quilt
