Wheelies Quilt by Patchwork Posse

Wheelies Quilt

Hi everyone! I am Becky of Patchwork Posse and I am totally excited to be here on Moda Bake Shop! I am always checking out the new patterns over here-- and now to be featured is spec-tac! The Wheelies Quilt is a great way to use up the whole Layer cake. Add 2 more yards for your background and you are all ready to go. I chose to go with a dark solid grey for my background which I think plays nicely with the Reunion Layer Cake.

The spokes of the Wheels are simple pinwheels. Find and match up 4 that share the same color and you will have a more unified pinwheel. If you don't want to be so fussy-- mix and match and scrap it up! Because all the squares get used there isn't enough to finish one more large block so the little 2 leftovers get put right in center square.

Original Recipe can be found at www.modabakeshop.com

Ingredients:

1 Layer Cake OR 42 10" X 10" squares {21 light and 21 med/dark}
2 yards background fabric

Instructions:

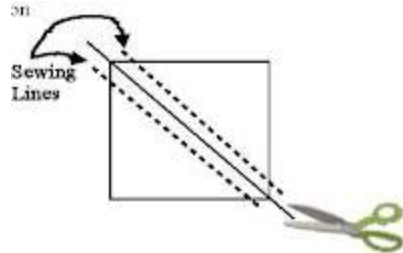

Separate the lights and darks. You need 21 lights and 21 med/darks

Cut list for sashing: 16--3" X 17 1/2" and 4--4 3/4" X 17 1/2"

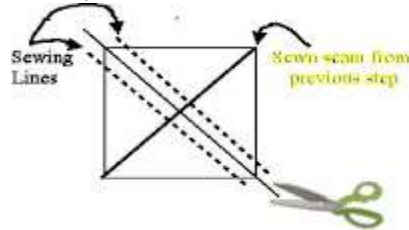

Cut list for center blocks: 5--3" X 64 and 4--9" X 4 3/4"

Block Instructions:

- 1) Place a 10" X 10" light square on top of a second med/dark square- right sides together.
- 2) Draw a line from corner to corner of square. Use a pencil and draw on the wrong side of the fabric.
- 3) Sew 1/4" from the drawn line on BOTH sides.
- 4) Cut on the drawn line and iron- you will now have 2 1/2 square triangles

- 5) Place one half triangle on top of another half triangle- right sides together Hint: darks should be opposite darks. Lights opposite of lights.
- 6) Draw a line from corner to corner of the square- should be perpendicular to the previous sewn seam. Use a pencil and draw on the wrong side of the fabric. 7) Sew 1/4" from the drawn line on BOTH sides.

- 8) Cut on the drawn line and iron.
- 9) Match up 4 of your squares with one wheel being the same color.

- 10) Sew the 4 blocks together-repeat for a total of 10 blocks. They will measure 17 1/2" X 17 1/2"

Center Blocks:

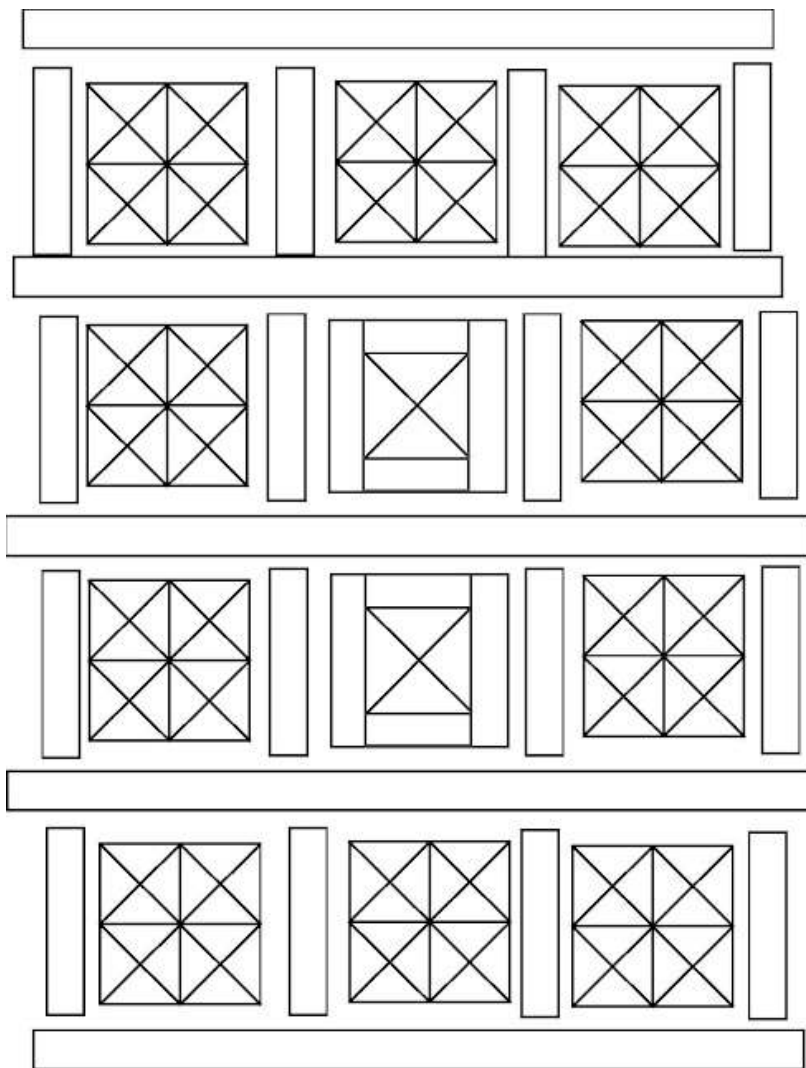

- 1) Sew 9" X 4 3/4" background to each side of the block
- 2) Sew 17 1/2" X 4 3/4" background to top and bottom of each block.
- 3) Repeat for a total of 2 finished blocks

Original Recipe can be found at www.modabakeshop.com

Sewing the top together:

- 4) Using the layout diagram- sew sashings in between the blocks and at the ends
- 5) Sew the blocks with sashings into rows
- 6) Sew the sashing strips in between the rows- pin before sewing
- 7) Sew the rows together Hint: When you are sewing the rows together, match up the sashings from the previous rows. Lay them down right sides together and fold down the top layer just a little to make sure they are lined up correctly. Pin in place and then sew.

Yield:

Quilt Size: 80" X 64"

Block Size: 17 1/2" X 17 1/2"

Because I have two boys who are needing a new 'do' in their room I sewed up another top. They love them-- the grays are a bit off, but who will notice besides me? I am in love with the dark sashing....and the modern feel. I don't usually go that way in designs, but i love it!
