### Original Recipe

#### Moderate

Have you ever found a fabric line that made you squeal right there in the middle of the fabric shop? Have you ever found one that made you giggle with glee and rush to share it with your best quilting friends? *Winter Wonderland* by Bunny Hill for Moda did that to me! I am beyond thrilled to be able to share my quilt made from it with all of you!

I love, love, love the snowmen and the trucks. What could be better than snowmen driving pick up trucks....perhaps a snugly quilt to make you laugh and keep you warm?!

*Peaks & Paddocks* is a simple quilt made from one, funky block.

I think I was thinking Snowball. I ended up with a center-less Shoo-fly. Either way, the block screams, "You got it wrong!" I wanted to find out what would happen if you made a bunch of blocks, all with the same irritating mistake in them, more on that later.
