mill house inn by fig tree quilts

Inspired by a recent family trip to the cotswolds in the british countryside. This is a traditional fall collection with a breathe of fresh air. the Mill House Inn is a small, charming stone house that was our family's home for a few days of quiet adventuring in the breath-taking towns and villages that surrounded us. A rich palette with color names like currant, rose red, clotted cream, pond, fresh apricots, butterscotch pudding and meadow grass.
