The Austin Bluebird Sampler quilt - and the 11 fabrics to make it - is a crisp, vibrant grouping of primary colors. They combine to make our Austin Bluebird Sampler Block of the Month. We were charmed by an antique quilt with 2 birds on a branch surrounded by rose buds. We quickly sketched more birds, along with flowers, cherries, and pears. The happy bluebirds are surrounded by pieced blocks in the style of a 19th century sampler quilt. This appliquéd and pieced quilt is easily made in 12 monthly segments. Everything you need to make this quilt is here with the fabrics, the pattern and the Aurifil thread sampler. Enjoy!
