Guest Room is a sweet collection of pretty little florals in fresh colors that evoke thoughts of spring gardens and cool evenings. Quilts made with this fabric will undoubtedly have the feel of the 1930s. Combining whimsical bouquets, tiny gingham, posies, and an eyelet lace ticking stripe creates the perfect mix for quilts with heritage charm. The updated colors of rose, chambray, grass, white, and navy all sparkle together to keep things fresh. Add one or two solids to the mix and voila, you will have an instant heirloom quilt to welcome your guests and keep them cozy warm, whether they're playing board games in the family room, having a picnic in the park, curled up by the fire reading a good book, or sleeping in after a movie marathon.

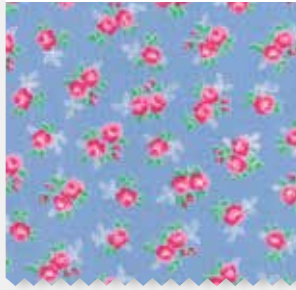

More patterns, yardage, and pre-cuts available this **September 2018**.
