Independence Trail
Minick & Simpson

*Independence Trail* is a reckoning of a family’s trek across our country in it’s centennial year. Inspired by journals from several young ladies of the time, it reflects on an imagined journey from the midwest to a new home in Oregon. Leaving their family farm and orchards on the Great Lakes and making for a new place of bounty near the Pacific, we fill this family’s landscape with the fabrics of the time. Domestic simplicity with the hope of an abundant future – these fabrics evoke the time and the inspiration of that journey.
