Inspired by fields of poppies blooming in California, Poppy Mae mixes gloriously vibrant color with the fine detail of drawings from a botanical sketchbook. When Robin Pickens thought about what to draw for her Spoonflower Creat8 for Moda Contest submission, she chose to draw these poppies as a tribute to the mother who has always been her biggest cheerleader in pursuing her passion for art.

Vivid red mixes with pink, green, black and ivory in a sumptuous large-scale poppy print. An assortment of hand-drawn prints complete a collection that is perfect for quilts, home décor and accessories.
