

# All You Need Bag

3"x5" approximately

*Your I.D., some money and  
keys....what else do you need?  
Make your bag today and  
use it tonight!*

*Send me pictures!  
(marketing@unitednotions.com)*

*- Florida*

**Need to know:** Use ¼" seams.  
RS = right side  
WS = wrong side

## Supplies:

### Bag

2 coordinating fat quarters (18"x22")

Lightweight fusible interfacing  
fat quarter (18"x22")

Key ring or lobster clasp

Plastic 1-2¼"x3½"

1-Zipper at least 7"

## Cutting:

### Outer Fabric:

Cut 2-1¾"x2¼" (B)  
1-6"x1¼" (C)  
1-6"x1½" (D)  
1-6"x4" (back)  
1-1½"x2" (zipper ends)  
1-1"x2" (key ring tab)  
1-1"x7" (zipper pull)

### Plastic:

Cut 1-2¼"x3½" (A)

### Lining: (fuse interfacing to lining before cutting)

Cut 2-1¾"x2¼" (B)  
1-6"x1¼" (C)  
1-6"x1½" (D)  
1-6"x4" (back)  
2-6½"x6" (pockets)

# Bag Construction

**1** On the right hand side of plastic window, stack B + A + B lining with B's right sides together. Use a small smudge of glue along edges of plastic to "pin" pieces together; stitch; "thumbnail" press B's away from plastic. Repeat on left hand side of plastic window.

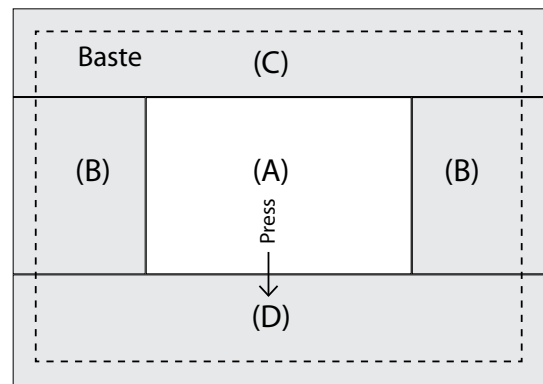

**2** On top, stack C + AB's + C Lining with C's right sides together. No need for glue here...fabrics "stick" together nicely. Stitch; "thumbnail" press C's away from plastic.

**3** On bottom, stack D + AB's + D lining with D's right sides together. Again, no need for glue here. Stitch; "thumbnail" press D's away from plastic.

**4** Baste around outside edges with a scant 1/4" seam allowance.

**5** Fold Pockets in half to measure 6" x 3 1/4"; press; edge stitch along top folded edge.

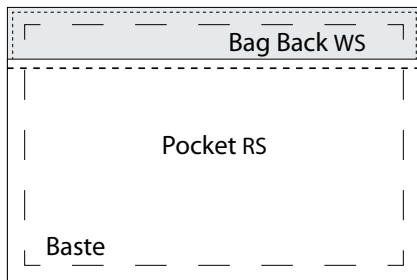

*moda*

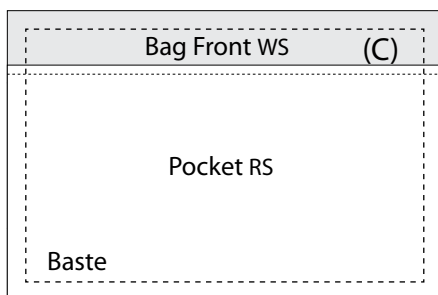

6 Baste the outside Back fabric to the Back Lining, wrong sides together, with a scant 1/4" seam allowance.

7 Place a Pocket on the wrong side of the Back; baste around outside edges with a scant 1/4" seam allowance. Fold top edge of Back to the wrong side 1/4"; press.

8 Place a Pocket on the wrong side of Front; baste around outside edges with a scant 1/4" seam allowance.

9 Mark a line 1/2" from sides and bottom of plastic window. Stitch along marked line through Front and inside Pocket. Fold top edges of Front the wrong side 1/4"; press.

Zipper:

10 Mark a 4 3/4" length in middle of zipper, away from top and stop tab. Pull zipper pull to middle; double stitch across zipper teeth 1/8" from marks. Be sure the zipper teeth at the top mark of the opened zipper are closed (side by side) when you stitch. Cut zipper on marked lines.

11 Fold the 1 1/2" x 2" Zipper End in half wrong sides together; press. Open; press edges to middle fold; press. Fold in half again, press. Piece should now measure 3/8" x 2". Cut folded and pressed Zipper End into two pieces measuring 3/8" x 1".

12 Place Zipper Ends over cut ends of zipper; edge stitch edges facing zipper teeth. The zipper with attached Zipper Ends will measure 1" x 5"... be sure it is no longer than 5"! It's OK if it is a little shorter.

*moda*

- 13** Center Front over zipper, right side up,  $\frac{1}{8}$ " from zipper teeth; edge stitch along folded edge of Front.

- 14** Aligning sides of Front and Back, repeat sewing zipper to Back. Stitch  $\frac{1}{4}$ " from these stitch lines.

- 15** Fold Front and Back in half, wrong sides together. Stitch the sides and bottom, securing beginning and end of seams; stitch a  $\frac{1}{2}$ " angle at the bottom corners; trim seam allowance close to stitching.

- 16** Fold the 1"x2" Tab in half wrong sides together; press. Open; press edges to middle fold; press. Fold in half again, press. Piece will measure  $\frac{1}{4}$ "x2"; edge stitch along 2 sides.

- 17** Fold Tab in half; place Tab on left RS of Front, just above B; baste in place.  
NOTE: if using a lobster clasp at the side instead of a key ring, loop the Tab through the lobster clasp then baste Tab on left RS of Front.

- 18** *Open the zipper.* Turn Pouch wrong side out, being sure to fully turn bottom angled corners, and careful not to push through small seam allowance

- 19** Stitch the sides and bottom, securing beginning and end of seams; again stitch a  $\frac{1}{2}$ " angle at the bottom corners. Turn right side out, being sure to fully turn bottom angled corners.

### Zipper Pull:

- 20** Fold the 1"x7" Zipper Pull in half wrong sides together; press. Open; press edges to middle fold; press. Fold in half again, press. Edge stitch lengthwise along opened edge. Trim ends at an angle.

- 21** Following the diagram, tie the Zipper Pull to the zipper pull tab. If you are using a key ring, attach to the Tab on the left side of the pouch, and you're ready to shop!
