- Read instructions before beginning a project.
- All instructions include 1/4" seam allowance.
- Label each group of cut pieces.
- Press as you go. Press seams in one direction toward the darker fabric.

Please read **all** instructions before beginning this project. Labeling pieces as they are cut is the key to success with this quilt. The quilt is constructed in sections. Each section will require "parts" from various fabrics. Fabrics for the 2 applique blocks will come from the "scraps" after cutting the various pieces for the quilt. There will be ample "scraps" to choose from for applique.

3 SIMPLE STEPS TO SUCCESS WITH THIS PROJECT

- STEP 1** Label all of the various pieces as they are cut.
- STEP 2** Applique the blocks using your favorite method of applique. Trim completed applique blocks to the correct size.
- STEP 3** Begin construction of the 4 sections and borders of this quilt.
