Zig Zag Quilt
moda
Bella Solids™
Zig Zag Quilt (Vertical)

Size: 71" x 82"

Quilt Construction

1. Blocks: Sew the Zig Zag and Background Jelly Roll™ strips into 40 strip sets. Cut 9–4½” wide units from each strip set (360 total units). See diagram on right. Combine 2 units to make a Block. Make a total of 180 Blocks, 4½” x 8½” with seams.

2. Quilt top: Sew the Blocks and 5” x 5” Charm Pack™ squares into rows. Note placement of charm squares at ends of rows—Rows 2–13 charm on the right. Rows 16–27 charm on the left. Rows 14 & 15 have charms on both ends. Trim charm squares to match block. See below. Combine the rows. Refer to diagram below for placement.

3. Trim the Quilt top:
   (A) Trim the top and bottom of the quilt where the Blocks meet as shown.
   (B) Trim the sides of the quilt ¼" away from the Block intersection as shown.

4. Sew the 8–2½”xWOF Binding strips together. Layer, quilt and bind. ENJOY!

Tip: The Charm Pack™ squares are oversized. Trim the top of square even with the Blocks after assembling the row. When you sew the rows together there will be a nice ¼" intersection.
Zig Zag Quilt (Horizontal)

Size: 65” x 88”

Quilt Construction

1. **Blocks:** Sew the Zig Zag and Background Jelly Roll™ strips into 40 strip sets. Cut 9–4½” wide units from each strip set (360 total units). See diagram on right. Combine 2 units to make a Block. Make a total of 180 Blocks, 4½”x8½” with seams.

2. **Quilt top:** Sew the Blocks and 5”x5” Charm Pack™ squares into rows. Note placement of charm squares at ends of rows—Rows 2–12 charm on the left, Rows 17–27 charm on the right. Rows 13, 14, 15 & 16 have no charms. Trim charm squares to match block. See below. Combine the rows. Refer to diagram below for placement.

3. **Trim the Quilt top:**
   (A) Trim the top and bottom ¼” away from the Block intersection as shown.
   (B) Trim the sides of the quilt where the Blocks meet as shown.

4. Sew the 8–2½”xWOF Binding strips together. Layer, quilt and bind. ENJOY!

---

**Tip:** The Charm Pack™ squares are oversized. Trim the top of square even with the Blocks after assembling the row. When you sew the rows together there will be a nice ¼” intersection.
