*The number of squares and the number of light and dark fabrics in a charm pack varies with each collection. The "charm" of a charm quilt is the mix of fabrics and value. For the fabric requirements we are assuming charm square packs have 40-5" x 5" squares and an equal mix of light and dark fabrics. Fabric requirements are also given for fat quarters. From each fat quarter cut 3-5" x 22" strips then cut 12-5" x 5" squares. All that said, let's make a quilt!
