- To make the half square triangles, draw a diagonal line on the wrong side of 15—5" x 5" light charm squares. Layer each square with the diagonal line and a dark square right sides together. Sew ¼" on each side of the diagonal line. Cut apart on the diagonal line. Press open to make 2 half square triangles. Repeat to make a total of 30 half square triangles.

\*The number of squares and the number of light and dark fabrics in a charm pack varies with each collection. The "charm" of a charm quilt is the mix of fabrics and value. For the fabric requirements we are assuming charm square packs have 40—5" x 5" squares and an equal mix of light and dark fabrics. Fabric requirements are also given for fat quarters. From each fat quarter cut 3—5" x 22" strips then cut 12—5" x 5" squares. All that said, let's make a quilt!
