Card & Envelope

Envelope is 5¾” x 4”. Card is 5¼” x 3¼”.

Featuring "Chemistry" by Cosmo Cricket

1 Card: Trim ¼” away from the edges of a Card. Center and fuse the interfacing or flannel on the wrong side of the Card. Layer the Card and Card Lining right sides together. Use a ¼” seam to stitch around the Card, leave a 2” opening for turning. Turn right side out, top stitch ⅛” around the Card.

2 Envelope: Center and fuse the interfacing or flannel on the wrong side of the Envelope. Layer the Envelope and Envelope Lining right sides together. Use a ¼” seam to stitch around the Envelope. Clip 3 corners. Measure 1½” from the 4th corner, cut on the diagonal. Backstitch the trimmed seams. Turn right side out, turn the Envelope & Lining fabric inside a ¼” at the 4th corner. Top stitch ⅛” around the Envelope.

3 Envelope continued: Fold 2 corners and the trimmed corner as shown. Pin in place. Using embroidery floss, hand-sew the adjacent seams of the Envelope using a stitch of your choice. Choose a small button and mark the spot for placement of the corresponding buttonhole on the corner point of the Envelope flap. Make buttonhole and sew the button onto the Envelope.

Supplies

Envelope: 1–9"x22” (fat eighth)
Card: Chemistry Panel (at least 18”x22”)
Card & Envelope Lining: 1–9”x22” (fat eighth)
