Quilter’s Basics

Read instructions before beginning a project.
All instructions include a ¼” seam allowance.
Press as you go. Press seams in one direction.

Cutting

With the exception of the paper pieced units 3 fabrics listed below pieces for this quilt are cut from templates. Refer to the Template Cutting Chart below for the number of each template to cut from Fabrics 1-31.

Fabric 1
Cut 1 – 1½”xWOF strip for arrow shaft. Use remaining fabric for paper piecing and templates.

Fabric 8
Cut 6 – 2½”xWOF strips for binding. Use remaining fabric for templates.

Fabric 31
Cut 2 – 3”xWOF strips for arrow shaft background. Use remaining fabric for paper piecing and templates.

Template Cutting Chart

Cut all templates on a double fold of fabric, right sides together, to get two pieces: a left and a right. Example: Cut 2 will yield 4 pieces, 2 left and 2 right, Cut 3 will yield 6 pieces, and so on. Label pieces as they are cut with fabric number and template letter.

1. Sew the 1½”xWOF Fabric 1 strip between the two 3”xWOF Fabric 31 strips to make a strip set for the arrow shaft. Set aside.

2. Using Fabrics 1 and 31 and the foundation patterns on pages 6 and 8, paper piece the A and B block units for the Arrowhead and Fletching Blocks. Sew the units together to complete the blocks. Trim the blocks and remove the papers.

   Arrowhead should measure 4½”x6½” with seams.
   The Fletching should measure 8½”x6½” with seams.

Piecing the Columns

1. Referring to the Quilt Layout Chart sew the left hand pieces for Column 1 together into a long column 3”x61½”. The pieces are indicated by fabric number and template number. For example, an area marked 1G will be Fabric 1, Template G. Begin and end each column with an H piece. Press all the left seams down.

2. Stitch the right hand pieces for Column 1 together in the same order as the left, using the same chart. Press all the seams up. Match up the right and left hand columns and sew them together to complete Column 1. Press. Note that some columns will point up and some down. Be sure to sew the pieces for each column together in the correct orientation.

3. Repeat Steps 1 and 2 to piece Columns 1, 2, 4, 5, 6, 7, 8, and 9.

Piecing Column 3 - the arrow column

This column has several different parts: the top and bottom template pieced sections, the paper pieced arrowhead, the paper pieced fletching and the arrow shaft.

1. Referring to the chart on page 2 and the diagram on page 4, piece the template sections for the top and bottom of the column. Join the top template section and the arrowhead. Press.

2. Cut the Fabric 1 and Fabric 31 strip set to make an arrow shaft measuring 24½”. Read SEAMS below before cutting arrow shaft

3. Join the three sections to complete Column 3.

Assemble the Quilt

1. Sew the columns together in numerical order. Columns 1, 4, 5, 8, 9 will point down, Columns 2, 3, 6, and 7 will point up. Note: Due to the nature of the design, the seams will not always line up horizontally from column to column.

Check your seam allowance as you stitch template pieces together. The seam allowance needs to be consistent as you are sewing multiple seams in one column. Stitch the left side of Column 1 together and measure the length. It should measure approximately 3½”x 61½” with seams. Make sure each column is the same length as you sew. If they are not exactly 61½” long, you’ll need to cut the arrow shaft a bit longer or shorter as needed.
Finishing

Using a diagonal seam, join the 6 – 2½”xWOF Fabric 8 strips end to end. Press seams open. Fold prepared strip in half wrong sides together and press to make the binding.
