

Introducing HoneyBuns™ from Moda

Sweet Treat Bag

a little slice of heaven

.....Forty Fabulous 1½" strips!

FABRIC REQUIREMENTS FOR 1 SWEET TREAT BAG

- 10 – HoneyBun™ strips (1½" x WOF strips)
- Fusible Fleece (Pellon 987F)
- (1) 1" – 1½" Button and Velcro for closure

Note: Two bags can be made from the 2 mini honey buns in the gift box. Four bags can be made from a full HoneyBun™

This fun and fast bag makes up in minutes. It is the perfect ditty bag for sewing notions, a cosmetics bag or a gift bag – on its own or filled with treats for a special friend.

1 Align ends and sew 10 HoneyBun™ strips together lengthwise. Back stitch each row to prevent seams from separating later. Press gently. Do not stretch. Press seams in one direction. Starch strips while pressing to give extra body to the new piece of “strip fabric”. Fold “strip fabric” rectangle together lengthwise and trim off selvages. Rectangle should measure approximately 10½" x 42½".

Hint: Sew strips in opposite directions to avoid stretching and distortion.

2 Measure rectangle, subtract 1" from length and cut fusible fleece to that measurement. *Example: rectangle measures 10½" x 42½"; cut fusible fleece 10½" x 41½".* Place prepared fleece on wrong side of rectangle ½" from end of “strip fabric”. Align outside edges and fuse fleece according to product directions.

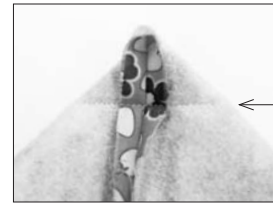

3 Fold rectangle in half to find center. Mark with pin. Open rectangle, fleece side up draw a line to mark center of measure rectangle. Draw a second line 4½" to the left of the center line and a third line 4½" to the right.

4 Place rectangle, fleece side down, on a flat surface. Fold left end of rectangle toward center, right sides together Using a pin align edge of fleece and 4½" marked line. Pin and sew sides together using a ¼" seam allowance. Begin sewing at fold and stop at marked line. Back stitch seam. Repeat for opposite end of rectangle aligning on the second 4½" marked line.

Make Bottom of Bag

- 5 Select the left pocket. Open seam then pinch seam at bottom to form triangle. Sew across triangle about 1¼" from point to create the bottom of bag. Repeat for the opposite side of pocket. Repeat steps for second pocket.

← Stitch 1¼" from point to make corner triangle

Prepare Bag Flap

- 6 Fold rectangle in half fleece side out. Pin and align 4½" lines from Step 3. Fold and pin the loose edge of both pockets away from edge so they will not be caught in seam. Use a CD or a small saucer to mark curve of flap.

← Pin and align 4½"

- 7 Stitch flap using a ¼" seam. Start and stop on marked lines. Back stitch seams. Trim and clip curve.

Completing Bag

- 8 Turn bag flap right side out. Finger press and smooth curves and seams. Then turn one pocket right side out.

- 9 Stuff unturned pocket inside bag to create lining.

- 10 Turn under and pin raw edges of both pockets matching strips. Top stitch to close opening.

- 11 Top stitch flap to complete *Sweet Treat Bag*. Add button and Velcro for closure.

Turn under and pin raw edges of both pockets matching strips.
Top stitch to close opening.
