CONSTRUCTION

The fan in the Main block is made using paper piecing (a.k.a. foundation piecing). There are many excellent resources, including on the web, on how to paper piece. Make 80 copies of the fan template.

- The fans in the Main block are paper pieced. Make 80 copies of the fan template. The numbers on the pattern are the piecing order. Paper piece the fan using the 640-2 1/2"x 5" rectangles. Use a mix of fabrics in each fan. Align edges of fan and background. Use your appliqué method of choice to appliqué the top of the fan to the Main block. Make 80. Blocks should measure 8 1/2"x 8 1/2".

- Make a marking template from the enclosed quarter circle template. Use template to prepare 80 quarter circle pieces from 3 3/4"x 3 3/4" squares. See the chart below for the color combinations. Use your appliqué method of choice to appliqué the top of the quarter circle to the Main block. Then add a 1-3 3/4"x 3 3/4" square sewn on the diagonal. Cut away extra square fabric leaving a 1/4" seam allowance. Press to the corner to form a triangle.

Total Blocks - 80

- 3** Assemble 10 rows of 8 Main blocks. See diagram. Press away from the fans in the blocks. Note how the blocks form pieces of wrapped candy. Combine the rows.

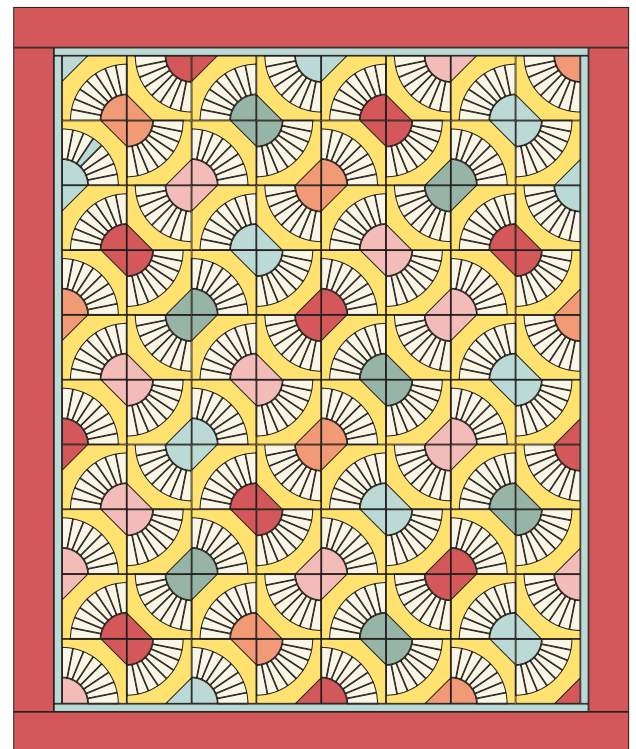

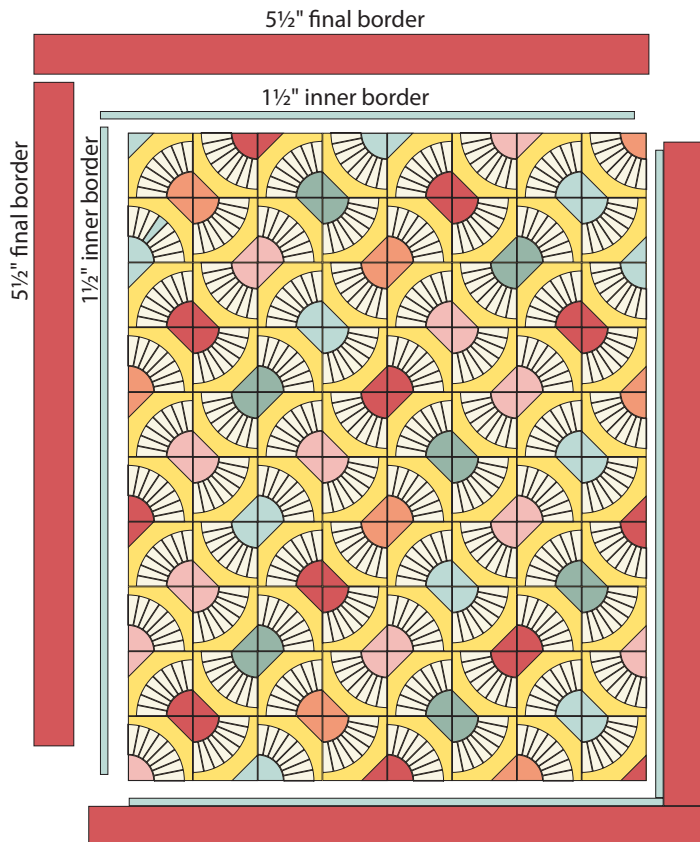

Blocks combine to make a wrapped candy.

- 4** Join the 8-1½" x WOF inner border strips end to end. Before you add each border, measure across the center of the quilt for the best measurement for the length of each border. Add the 1½" inner borders, sides first then top and bottom.

Join the 8-5½" x WOF final border strips end to end. Measure, cut and add the final borders to the sides first then top and bottom.

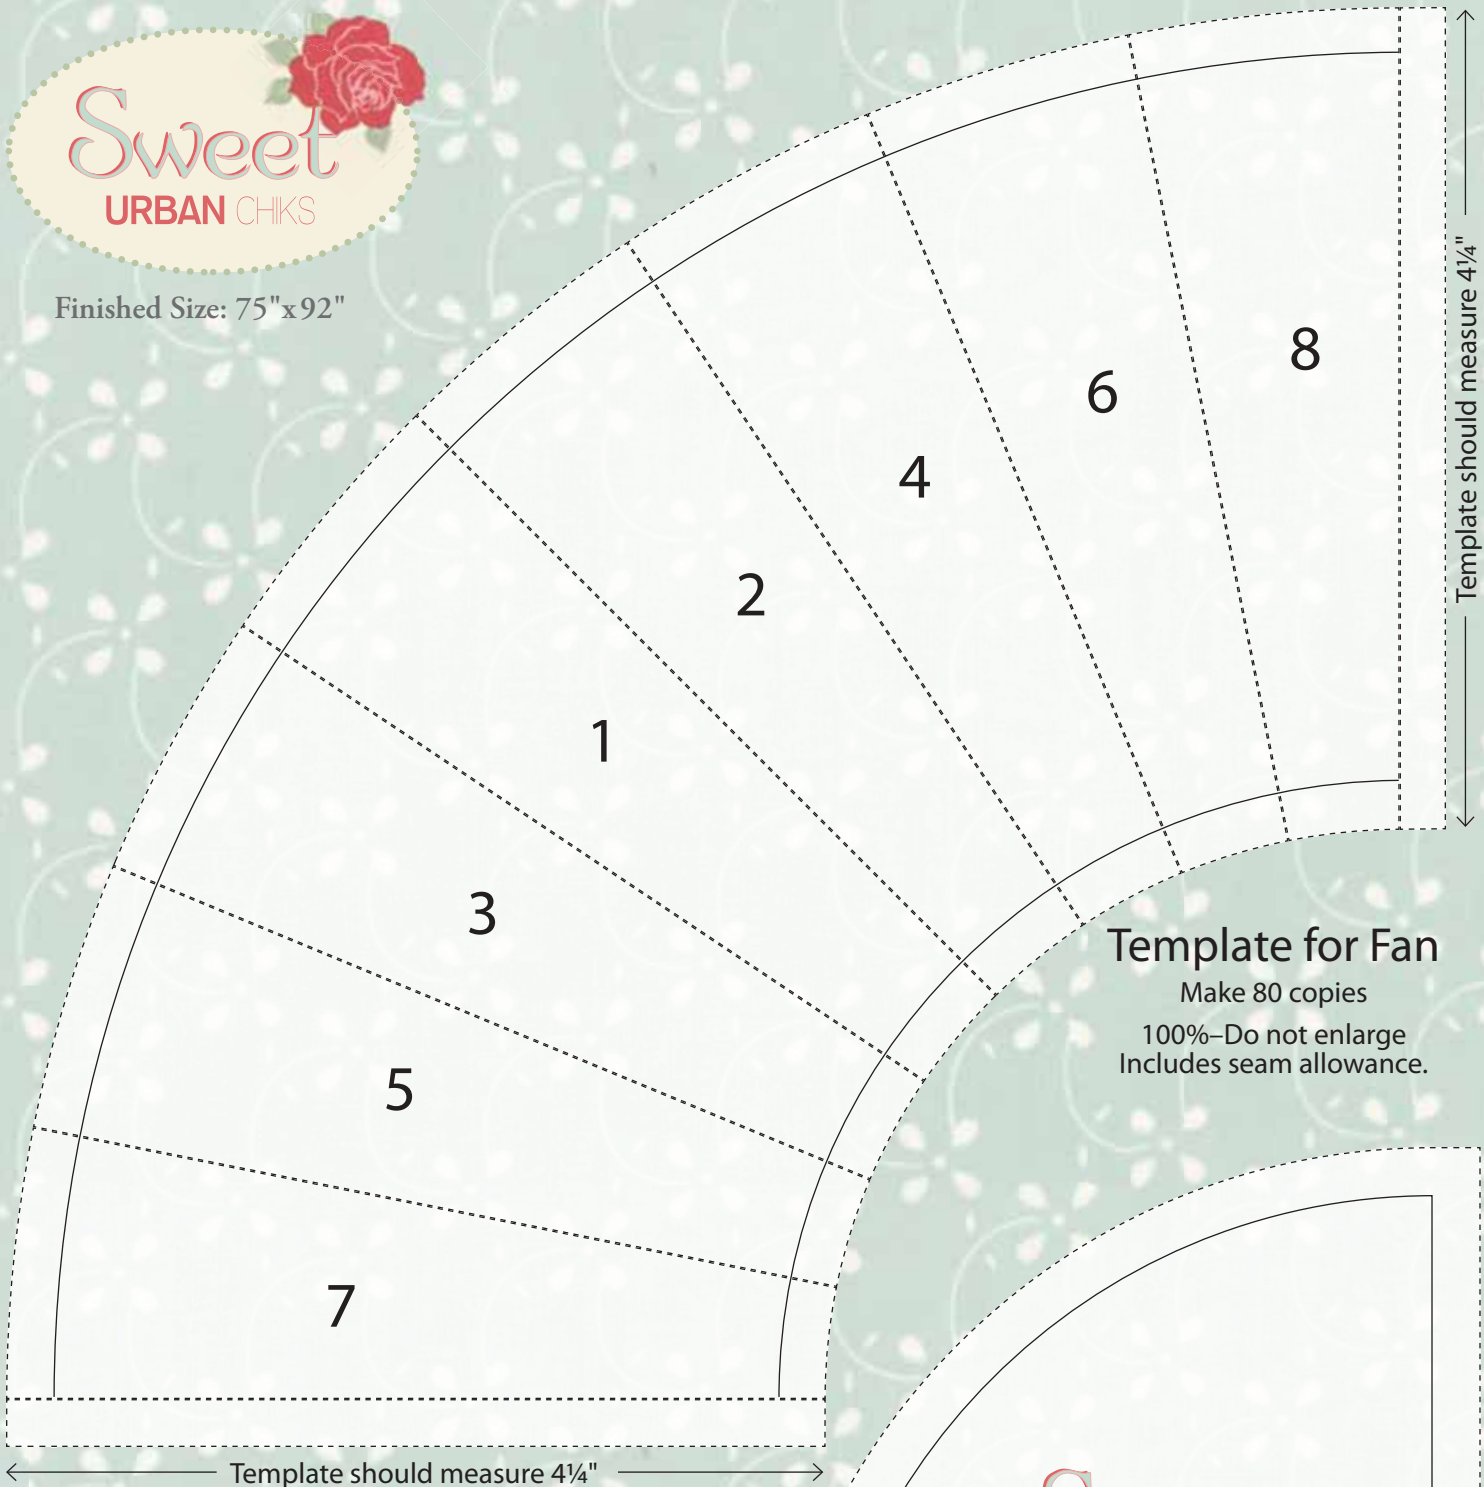

- 5** Join the 8-2½" x WOF binding strips. Layer, quilt, bind and ENJOY!
