FABRIC CUTTING

FROM THE JELLY ROLL PRINTS: Each tree is made up of a left block and a right block. Two blocks make one tree. Twelve tree blocks make up the quilt.

Note: To duplicate the cover quilt illustration, divide the prints into 4 groups; a red group, a green group, a black group and an ivory group. Choose 6 or 7 prints within a color group for each block. Duplicate prints within a block are ok.

CUTTING AND CONSTRUCTION

Make Left Tree Blocks:
(A) Use the triangle method illustrated in the “Making Sew N’ Flip Triangles” instructions to make the 7 rows of the left side of the block. Sew the triangle blocks first, then sew them to the background rectangles.

B) Sew the rows together to make the left half of the tree. Repeat to make a total of 12 left blocks.

Make Right Tree Blocks:
(A) Use the triangle method illustrated in the “Making Sew N’ Flip Triangles” instructions to make the 7 rows of the right side of the block. Sew the triangle blocks first, then sew them to the background rectangles.

B) Sew the rows together to make the right half of the tree. Repeat to make a total of 12 right blocks.
