Thank you to the quilters across our great nation and around the world who pieced over 12,000 star blocks for our **Just One Star Project** to comfort our wounded soldiers.

With their generosity, we have met our goal — **100 Quilts in 100 Days.**

We are grateful for the long arm quilters, piecers and binders whose giving spirit helped make this project a success!

Special thank you to Polly Minick, Laurie Simpson and the Semper Fi Foundation.

God Bless America!
