©&® CABBAGES & ROSES LTD

Since its inception in the year 2000, CABBAGES & ROSES has become a staple British brand in both the women's wear and home textile industries. The gentle faded florals and deconstructed antique prints have won the brand acclaim all over the world. With exposure in numerous magazines including Country Living, and five books published, C&R are the authority on the vintage chic style of English Country living. The vision for their premier collection for Moda remains the same, fresh, faded and long lasting – a vintage look in a nostalgic color palette that encourages a timeless feel.
