

Classic
Crystal Point Turner
by Lee

Turn points for Dresden Plates and appliques and in collars, lapels, pockets, belts, or ties without poking a hole in the fabric.

NEW!

- Rounded tip, unlike scissors or knitting needles, that will not poke through your fabric.
- Lightweight crystal material that is easy to hold onto while working
- Silver cord to hang it up in your sewing room.
- A great companion to the Crystal Press!
- Measures approximately 7" long and 3/8" in diameter.

Classic
Crystal Finger Press

Press seams open without ironing! The acrylic Classic Crystal Finger Press is lightweight and features a smooth angled tip.

- Great for paper piecing, applique, and most quilting projects.
- No need to get up and down to iron each piece.
- Press and sew quickly and easily.
- Great for folding paper, too!

Measures approximately 6" long and 9/16" in diameter.
