

New

Guidelines Finger Guards

Protect your fingers while cutting with any acrylic ruler. Set of two Finger Guards provide a 1/2" high protective barrier on any acrylic ruler.

- Easy to attach (with suction cups) - Easy to remove.
- Use one on a 12" ruler, two on a 12.5" square or 24" long ruler.
- Made of crystal clear polycarbonate.

Stock # GL-FG

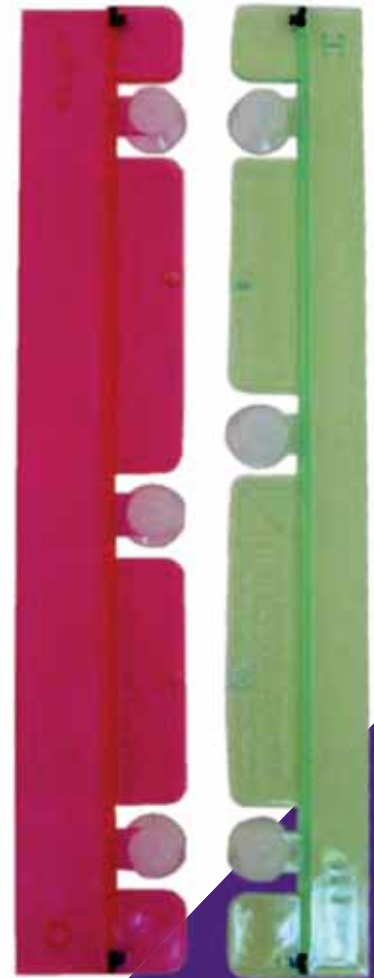

Guidelines Triangle Additions

Cut accurate triangles with a quilt ruler.

If you have ever wondered why your Triangles come out a little larger than your Squares?

- The exact amounts needed, 0.854" (7/8") for Half Square Triangles and 1.207" (1-1/4") for Quarter Square Triangles have to be rounded up to the nearest eighth on a quilt ruler.
- The Green Addition adds exactly 0.854" for HSTs
- The Red Addition adds 1.207".
- Attaches to any acrylic ruler with suction cups.
- Made of crystal clear polycarbonate.

Guidelines Ruler 6" x 12"

Make quilt pieces, units and blocks without patterns, templates or math

- Add the seam allowance addition to the edge of the Guidelines Ruler
- No Guesswork, No math.

Just slide the Ruler over your fabric, and the Fabric Guide's edge catches and precisely aligns the fabric's edge.

Connect two 6" x 12" Rulers to make a 6" x 24" ruler or a 12" Square Ruler

Stock # GL-612

Guidelines Seam Allowance Adds

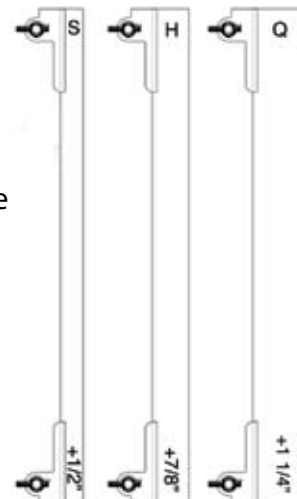

- Attach the S Addition for Squares
- Attach the H Addition for Half Square Triangles
- Attach the Q Addition for Quarter Square Triangles.

Does not include ruler.

Guidelines Additions

Let the Ruler Additions do all the math. Simply attach the Addition to the edge of your ruler, and line up the fabric to make Squares, Half Square Triangles and Quarter Square Triangles. 1/4" seam allowance included.

Stock # GL-QRA

Guidelines Connections Kit

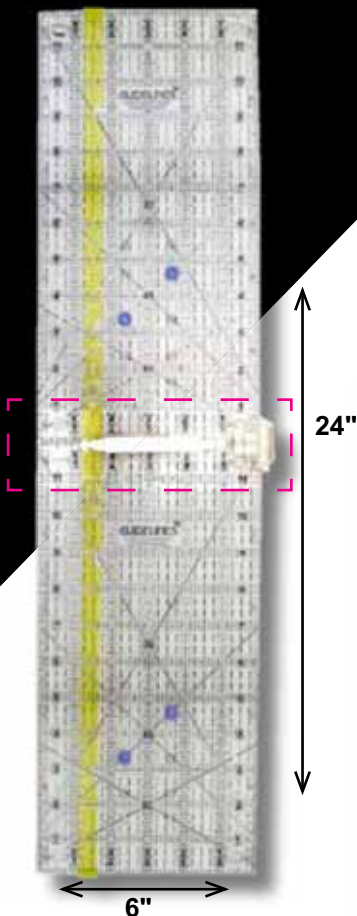

Make your ruler twice as long or wide when you need it. No more rulers sticking out of your bags when you go to quilt classes or not fitting on shelves or in drawers.

Join the 6" x 12" ruler either lengthwise or width wise and make a 6" x 24" or 12" x 12" ruler.

Kit includes: 1- Length connector, 1 - 24" Fabric guide (folds to 12") and 2 - width connectors.

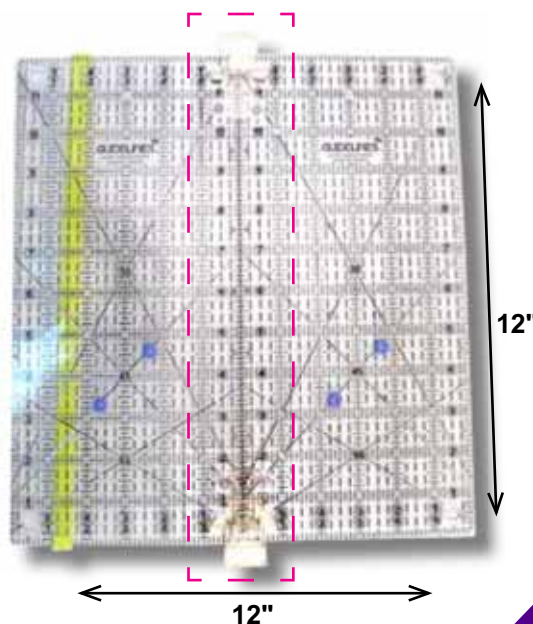

Virtually unbreakable and made of polycarbonate.
