

Magnificent Quilting Company

A simple and versatile system for hanging your quilts!

Magnetic Invisible Quilt Hangers

- This kit consists of five 1" x 2" steel plates, each with an extremely strong magnet attached to it and ten removable adhesive strips.
- It attaches to the wall without nails, or screws, it is easily adjustable, and leveling is a snap!
- Powerful magnets securely hold your quilt to the metal plate through a rod inserted into your quilt's sleeve.
- Use the included removable adhesive strips, your own metal rod and see what a hassle-free system this is.
- These five mounting plates with magnets will hold a variety of quilt sizes, from mini to king, with your adjustable steel curtain rod or steel bar.

Magnet-ficent Invisible Quilt Hanger

- This kit includes 1 steel wall plate (10" x 2"), 2 extra strong magnets, 6 removable adhesive strips, 1 adjustable metal rod (12" to 20").
- Simply apply the adhesive strips to the back of steel wall plate, attach plate to the wall. Insert the rod in the quilt sleeve and the powerful magnets will hold the quilt to the plate.
- The included rod will hang a quilt about 20" wide, but you can use your own steel rod for quilts up to 60" wide with one package.

Back of steel plate with adhesive strips.

Front of plate with rod secured by magnets.
