IDENTI-PEN

The dual point multipurpose marker leaves a permanent mark on most non-porous surfaces. One end is for details, with an extra fine plastic point that won't break down. The opposite end is for broader lines, with a tough fiber point built for heavy use.

- Low odor and meets non-toxicity requirements
- Alcohol based cleaners will remove ink from non-porous surfaces
- Waterproof and writes on fabric, leather, metal, wood, glass, CDs, plastic, and photographs
