

Simply sew Texture Magic to the back of your fabric, apply steam, and the fabric magically shrinks 30%, creating a beautiful textured effect.

Stock# TM-18

Add texture to:
Pillow Fronts, Tote Bags, Purses,
Jackets, Placemats, Quilt Blocks And
More!

Size: 47" x 18"
 Detailed instructions included.

- 

1 Mark stitching lines on the Texture Magic™. (either side)
Note: Do not be tempted to iron the wrinkles out of your Texture Magic™. They will disappear after they are steamed.
- 

2 Pin the Texture Magic™ to the wrong side of your fabric.
Note: Add batting between the layers during this step if so desired. Batting will give the texture extra loft.
- 

3 Sew along marked lines.
Note: The closer the sewing lines, the more texture will be created.
- 

4 Thoroughly steam with the Texture Magic™ side up.
Note: The fabric will start to pull up during the shrinking process. When the process is complete the fabric will lie flat. **DO NOT TOUCH THE IRON TO THE FABRIC.**
